

# Northern Australia Climate Program

## Forecasting for Decision Making Workshop

Friday 2nd June 2023

9:00am to 2:00pm

AgForce Boardroom - 33 Duck Street, Longreach

### KEY LEARNINGS WILL INCLUDE:

- What drives rainfall and temperature in my region?
- What does El Nino really mean? How does it impact my region?
- Does BoM get it wrong? How to interpret forecasts and seasonal outlooks
- Forecasting tools for decision making: what's out there, when to use and how to utilise them to help maximise profitability and resilience in challenging seasons
- Q & A Session facilitated by SQNNSW Innovation Hub's Ally Murray

### WORKSHOP PRESENTERS:

**Dr Tim Cowan** - UniSQ Senior Research Fellow embedded within the Seasonal Climate Processes team at the Bureau of Meteorology

**Vicki Mayne** - Beef Producer and Climate Mate with UniSQ's Northern Australia Climate Program
